

Connex: first virtual pharma software summit for Werum PAS-X users and the pharma & biotech industry

Lüneburg, Germany, 12 February 2021. Pharma, biotech and cell & gene companies who use Werum PAS-X MES as well as those who are interested in the use of manufacturing IT and manufacturing intelligence to digitize their production are invited to Connex 2021 – the new virtual Pharma Software Summit by Werum Solutions.

This four-day-conference from 2-5 March 2021 will take place for the first time and as a virtual online event. Accommodations have been made for different time zones in Asia, Europe and the US. Connex is succeeding the yearly PAS-X User Group Meeting (UGM) and the PFU (PAS-X for Us) Meeting.

“We expect pharma and biotech experts from all over the world,” says Jens Woehlbier, Chief Executive Officer (CEO) Software, Körber Business Area Pharma. “Together, they form the world's largest pharma software community! Join us, connect yourself and learn how our Körber software solutions help digitize your pharma, biotech and cell & gene therapy production.”

Under the motto “Elevating your business. Together.”, Connex offers a comprehensive program of best-practice user presentations, workshops, product demonstrations, panel discussions and online networking opportunities to get attendees connected:

- **Products + Solutions**
Stay up to date on the latest PAS-X manufacturing IT solutions to save time & effort and avoid risk in pharmaceutical production
- **Best Practices + Insights**
Learn from PAS-X customer cases by Bayer, Boehringer Ingelheim, Regeneron and SteriPack and PAS-X user panel discussions with Amazon Web Services, Johnson & Johnson und Lyell
- **Workshops + Insights**
Select from different manufacturing topics, discuss the challenges in daily work and strategize the solutions
- **Thoughts + Opinions**
Join industry thought leader discussions with AstraZeneca, Bayer, Novartis, Takeda and Vetter Pharma
- **Experts + Exchange**
Network with Körber's pharma software experts and peers in virtual rooms
