

News Release

Another successful ISPE event for Werum IT Solutions

ISPE Philippines Affiliate celebrated its 10th year anniversary and its Annual Meeting was held under the topic: “Expanding the horizon of Pharmaceutical Engineering” bringing together local and international experts, regulators and practitioners.

Makati City, Philippines, June 26, 2018 – Werum IT Solutions participated in the ISPE Philippines Affiliate 2018 Annual Meeting and 10th Anniversary Celebration that was held on June 26 – 27, 2018 at the Makati Shangri-La hotel in Makati City, Philippines. The event was held under the topic: “Expanding the horizon of Pharmaceutical Engineering.” and gathered international and national regulatory authorities, industry experts from around the region and students to discuss latest trends in Pharmaceutical Quality, Regulatory, Compliance and Technology that will expand the role of pharmaceutical engineering in ensuring product quality and patient safety.

Werum IT Solutions Asia was a platinum sponsor at the event and during the exhibition hosted a table top presentation and demonstration area where they promoted their Manufacturing Execution System (MES), PAS-X, and generated a large amount of interest among the passing attendees on the key platform for future manufacturing.

ISPE Philippines celebrated its 10th anniversary which coincided with the affiliate's Annual Meeting and Exhibition on 26 - 27 June 2018. Also, the Affiliate scheduled its pre-conference activity, the Asia Pacific (APAC) Regional Meeting, on June 24 – 25 that was attended by ISPE APAC Council Directors and ISPE Board of Directors from the US.

The conference program comprised of two plenary sessions: “Compliance to GxPs – Scanning the Environment” and “Regulatory Synergy”. The first day of the conference was dedicated to plenary sessions that focused on best practice sharing in terms of GxP compliance and regulatory convergence. The second day was divided into parallel sessions composed of 4 tracks that addressed the topics of interests and specializations of the delegates.

The conference concluded with Dinner and Fellowship Night which was attended by all former ISPE Philippines presidents, ISPE Members and industry experts. The evening social event started with an award ceremony and winner announcement of the student poster competition and ended with a series of stage performances and networking.

About ISPE

The International Society for Pharmaceutical Engineering (ISPE) was founded in 1980 and is the world's largest not-for-profit organization leading scientific, technical and regulatory advancement throughout the entire pharmaceutical lifecycle. Its 18,000+ members, located in more than 90 countries around the globe, are dedicated to the development and manufacture of safe and effective pharmaceutical and biologic medicines and medical delivery devices. Its worldwide headquarters is located in Bethesda, Maryland, while its Operations and Training Center is based in Tampa, Florida.

The ISPE Philippines Affiliate on the other hand was founded on 10 October 2008 by a group of committed Filipino pharmacists, chemists and engineers who felt the need of providing quality training and seminars that will help address the current issues faced by the industry, the regulatory authority and the academe. For almost a decade now, the Affiliate has conducted several trainings, seminars and workshops for the pharmaceutical industry, the Philippine Food and Drug Administration (FDA) as well as for young professionals and students.
